For Mid-Autumn Festival Send a Sugi Bee Garden Gift Set

With the growing awareness of health under the COVID-19 pandemic, honey is attracting attention. Use the gift set of Sugi Bee Garden using honey as a gift for the Mid-Autumn Festival in September.

We have a wide variety of gift sets such as "Fruit Juice Infused Honey" which is a mixture of fruit juice and honey, and "Honey Pickles" which is made by pickling fruits, ginseng and ginger in our precious honey.

From small children to the elderly, people of all ages can enjoy it.

The Power of Honey

(1) Superfood

Honey is a nutritionally balanced superfood that contains about 190 types of healthy ingredients such as sugars, amino acids, vitamins, minerals, and flavonoids.

(2) Low-calorie

No sugar is used and the sweetness all comes from honey, so it only has 2/3 calories compared to sugar and is very healthy.

(3) Fatigue Recovery

When honey is taken into the body, it has the function of neutralizing the inside of the body with alkalinity. If you have difficulty recovering from your daily fatigue, your body tends to become acidic. Eat honey to help take away your stress.
