Characteristics of Six-year-old Root Ginseng Pickled in Honey

Ginseng

Sugi Bee Garden uses only 6-year-old roots, which contain the most balanced and abundant ginseng saponin, the useful component. The main ingredient, ginsenosides, is said to support the physical and fundamental strengths that tend to decline in the cold.

Dual power with honey!

Pickled in our precious honey for a long time. The active ingredient of ginseng is extracted from honey.

With fresh royal jelly!

In addition to ginseng, which is full of healthy components, royal jelly is added, which contains many nutrients. Supports daily vitality.

A popular gift with wishes for the health of loved ones.

[How to use]

The ingredients of royal jelly are sensitive to heat, so please dilute it 4 to 5 times with water, not hot water. The Ginseng can be used chopped and mixed with fried rice and other dishes.
